INSTRUCTIONS

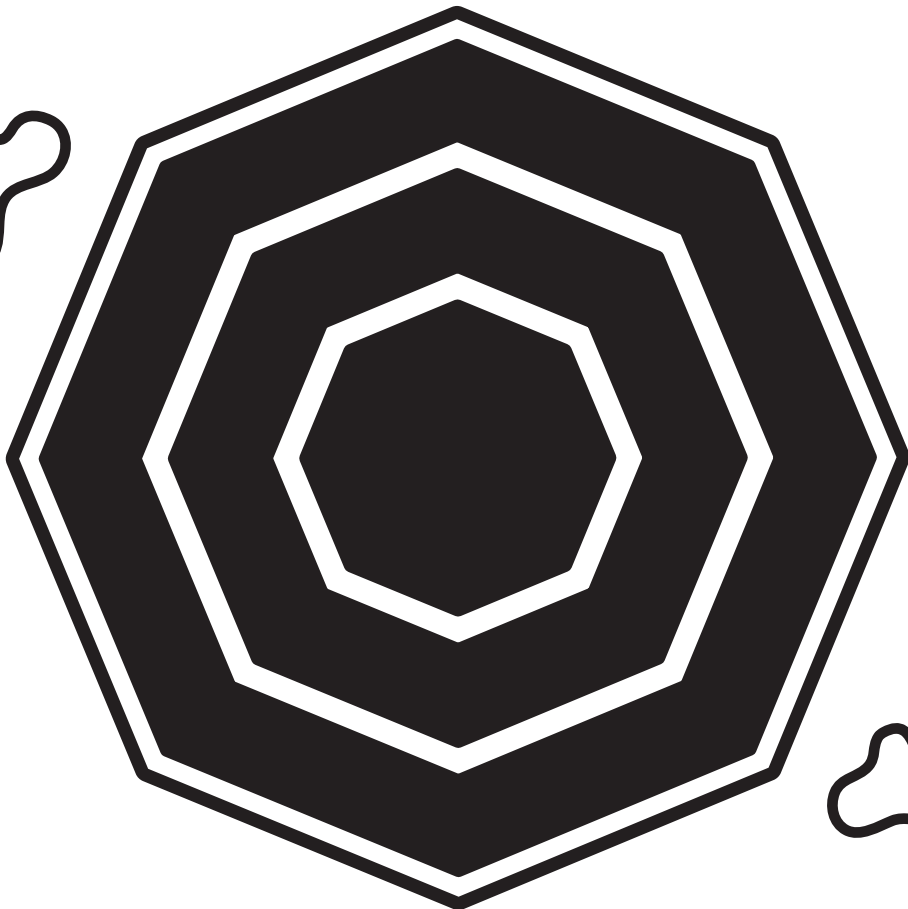

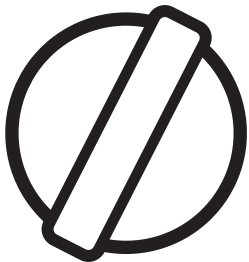

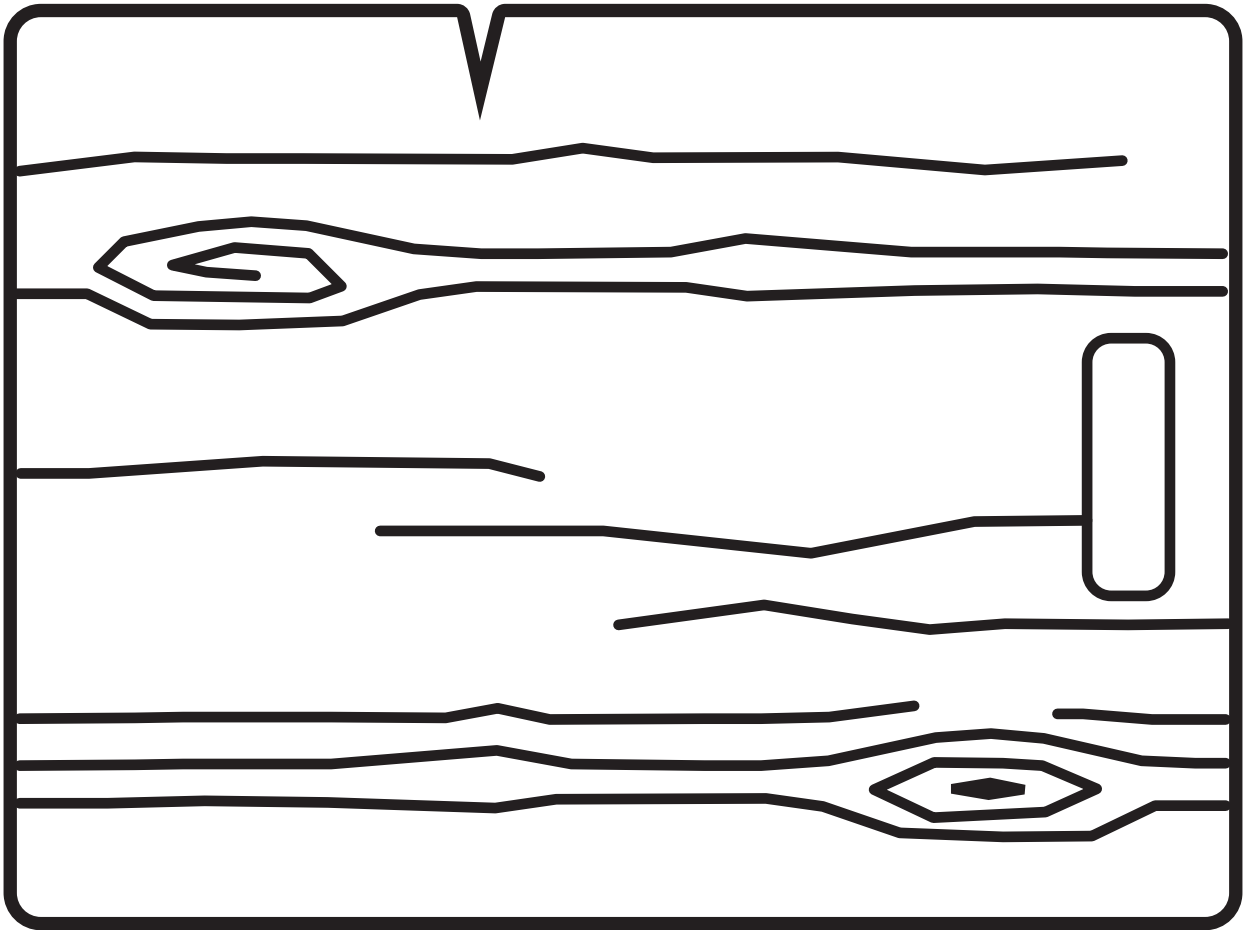

1 Grab some crayons or markers and go bananas with coloring! Next, cut out all the pieces along the dotted lines.

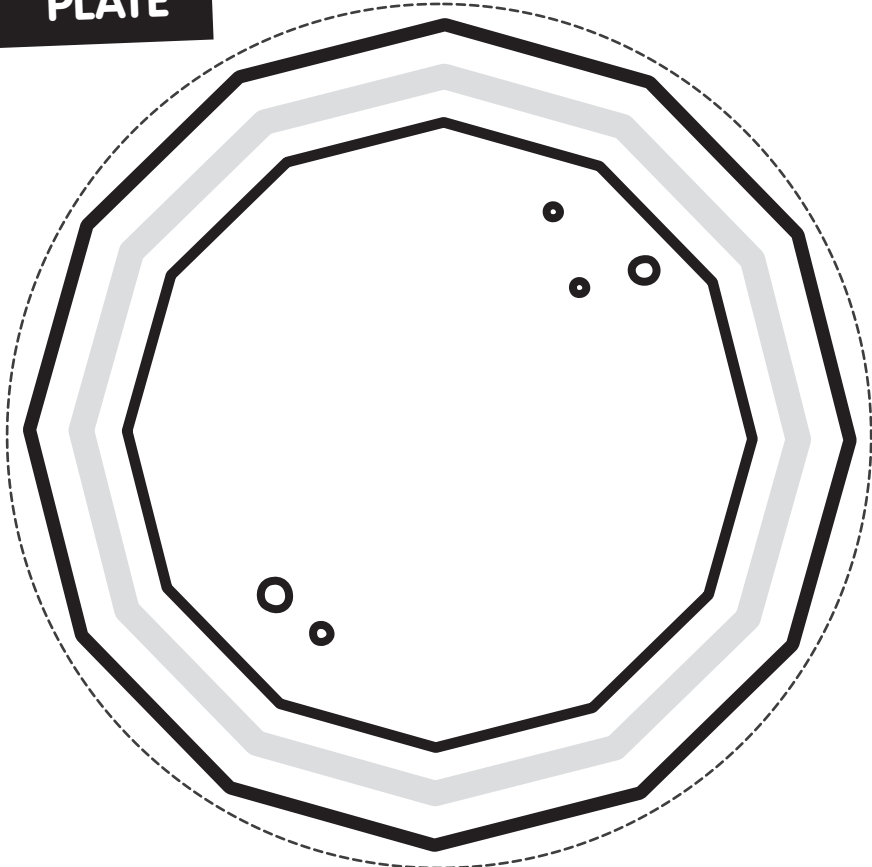

2 Set up your stove and cutting board on a flat surface, and attach paper Fergie to his stand. Watch out for those teeth, though...he's looking hungry!

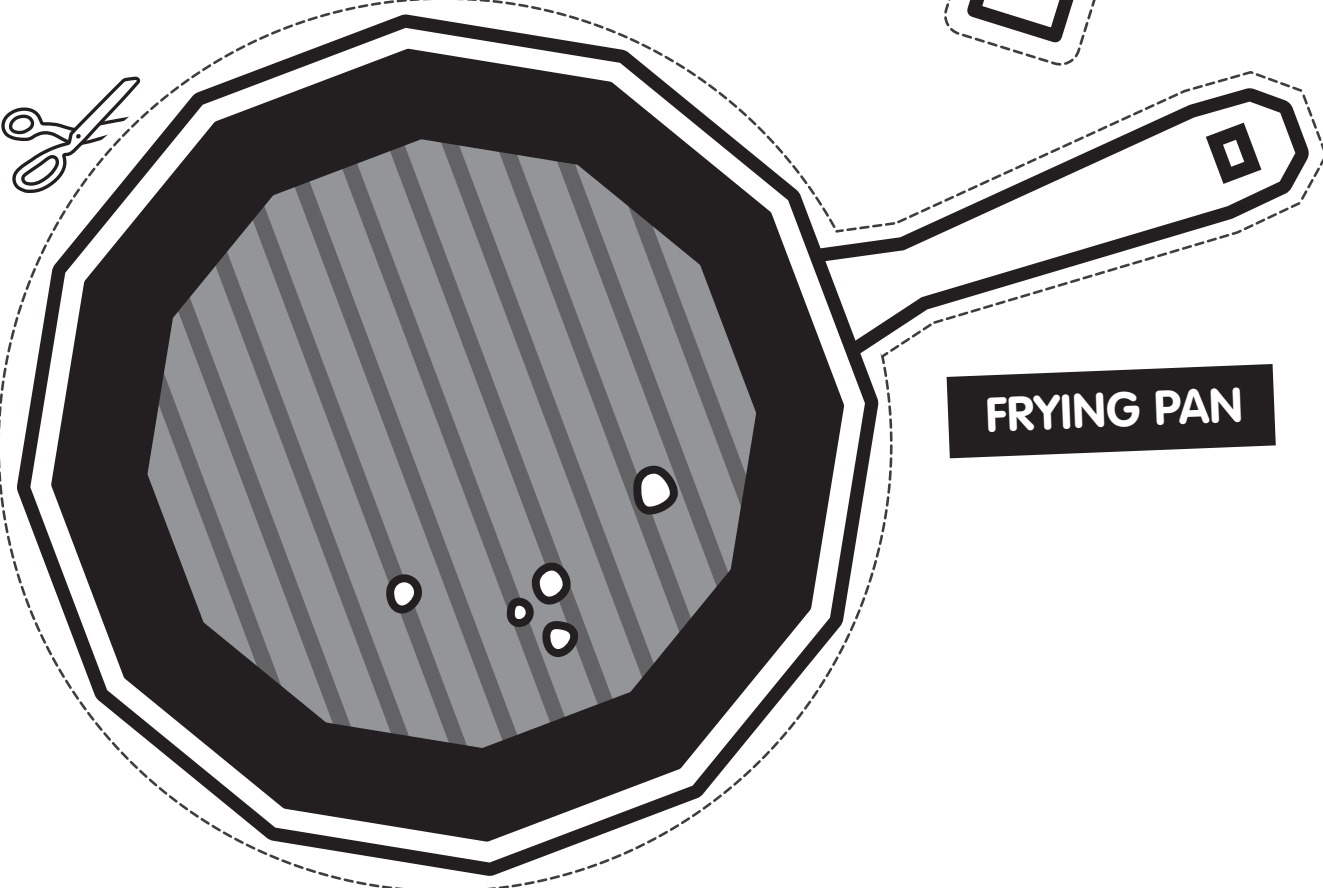

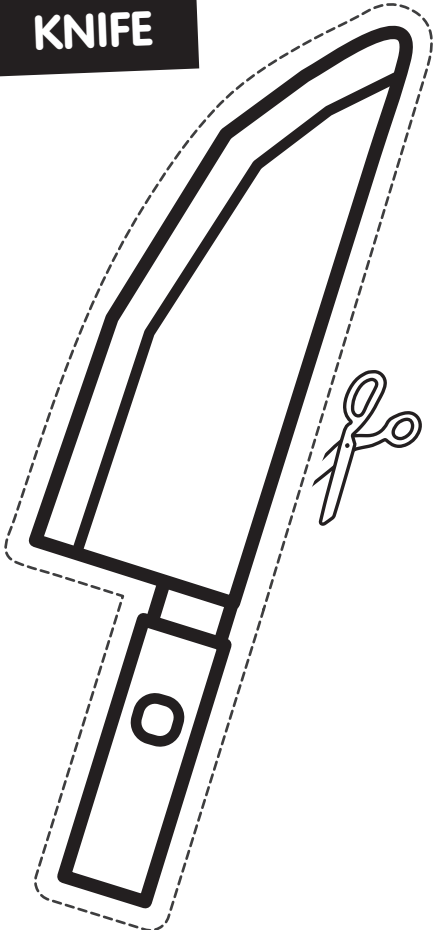

3 Start cooking! Chop up pretend ingredients, fry them up on the stove, and serve your signature dish to Fergie. (Bonus points if you can make him burp when he's done!)
